Mr. David C. Lawrence
Sr. Real Estate Representative
FirstEnergy
76 South Main Street
Akron, OH 44308

Dear Mr. Lawrence,

Thank you for your letter of June 21, which responded to mine of March 24 addressed to David M. Wareham. You have provided very clear and complete answers to all my queries. I ask your pardon for having mistakenly taken you to task during our telephone conversation for Mr. Wareham's discourteous failure to reply to the questions I posed in that letter. It doubtless is the fact that the two of you share the same first name that led to my confusion.

An examination of the drawings enclosed with your letter reveals that the change in the proposed route will more than double the amount of my property that will be impacted if the East Route is the final choice. This leads to a fresh question:

What is the reason that the line is being relocated in this way?

It does not appear to me that any useful purpose would be served by the personal meeting you suggest. It is my desire that all communication with FirstEnergy relating to the proposed power line be in writing, which may continue to be addressed to me unless or until I appoint a legal representative. Thank you.

Sincerely,

Chalmers E. Bennett
